WHY CHOOSE PREempt™?

- **CLEANER** PREempt™ RTU is a one-step disinfectant cleaner. It has powerful surfactants, which means it disinfects while it cleans surfaces and equipment, resulting in lower cost and faster results.
- **FASTER** Realistic contact times on a broad spectrum of organisms resulting in user compliance and confidence that disinfection has occurred.
- **RESPONSIBLE** Users not exposed to VOC (volatile organic compounds). Proven to be essentially non-toxic and non-irritating to eyes and skin.
- **SUSTAINABLE** Hydrogen Peroxide breaks down into water and oxygen, leaving no active residual and reducing environmental impact.
