

A little bit about us

Virox® Technologies Inc. is a leading research and manufacturing company, dedicated to arming the entire spectrum of global markets with state-of-the-art, patented, Accelerated Hydrogen Peroxide® (AHP) disinfectant technology.

We are constantly seeking new ways to transform ourselves and our role in disinfection, and are currently on the lookout for an Infection Prevention Technical Services Representative that shares our passion for safety, sustainability, biosecurity, infection control, and education. If you're a self-starter that values teamwork, thinks outside the box, and wants to join the fight against pathogens like COVID-19, keep reading. This could be a great partnership for both of us.

The Infection Prevention Technical Services Representative

The Infection Prevention Technical Services Representative is responsible for providing support to internal and external users to enhance their awareness and understanding of Accelerated Hydrogen Peroxide® (AHP) disinfectant technology and its applications.

A day in the life of an Infection Prevention Technical Services Representative at Virox will include...

- Providing internal and external product support and assisting in internal and external onboarding initiatives.
- Supporting the development of technical resource materials and marketing materials.
- Maintaining the technical response database and providing product knowledge support to the team at tradeshow and events, as appropriate.
- Supporting the growth and expansion of our disinfectant technologies through exploring trends and implications that impact our product markets.
- Pitching in with projects and tasks, as they come up.

Does this sound like you?

- You have a college diploma or university degree in chemistry, microbiology, or health sciences.
- You have at least 1 year of experience in a customer service or product support role.
- You are proficient with Office 365, SmartSheet project management software or similar applications.
- You are a service oriented and analytical thinker that likes to share your knowledge.
- You are very organized and like working in a team environment.
- You keep moving ahead, no matter what happens.
- You thrive in a fast-paced environment and are able to manage multiple projects and deadlines simultaneously.

What's in it for you?

- A chance to be a part of a team that is actively contributing in the fight against COVID-19 and other threats to biosecurity, through education and awareness.
- A chance to help the post COVID-19 world arm themselves with proper disinfection education
- An opportunity to experience something deliberately different, while continuing to grow, develop, and learn new things.

Want to join the adventure?

If so, then tell us a little bit about yourself by forwarding your resume to: jobs@virox.com

Virox Technologies Inc. is committed to providing accommodation for individuals with disabilities. Accommodation will be provided upon request in all parts of the hiring process as required in accordance with the Virox Technologies Inc. Accommodation Policy. Candidates requiring accommodation are asked to make their needs known in advance. We sincerely thank all applicants who express an interest in this role; however, only those candidates being directly considered will be contacted.
